Videos

Access

Collection is open to all researchers. Access to Barack Obama Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of Barack Obama's presidency are holdings of the Barack Obama Presidential Library and administered by the National Archives and Records

Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed by

Staff Archivists, 2022. Previously restricted materials are added as they are released.

Scope and Content Note

The materials in FOIA 22-25375-F are a selective, not necessarily all-inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 22-25375-F requested material of Emily Whitehead visiting the Obama White House.

This FOIA primarily contains photographs and video of President Obama greeting attendees in the Blue Room and delivering remarks in the East Room highlighting investments in precision medicine on January 30, 2015.

System of Arrangement

The materials in FOIA 22-25375-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – Obama Presidential Electronic Records and White House Communications Agency.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by Obama administration staff. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House’s electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.

White House Communications Agency records are processed at the folder/videotape level. While this method maintains folder/videotape integrity, it frequently results in

the incidental processing of videotapes that are not wholly responsive to the subject area.

Container List

The following is a list of electronic search results lists (SRLs) that were processed in response to FOIA 22-25375-F:

Electronic Records

AV_22-25375-F contains 59 photographs.

Audiovisual Records

Communications Agency, White House (WHCA)
