Scope and Content Note

The materials in FOIA 22-16572-F.4 are a selective, not necessarily all-inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 22-16572-F.4 requested all photos and videos from White House and Camp David movie screenings. (All photos responsive to this request were previously released in Segment 1.)

This FOIA primarily contains footage by the White House videographer at the screenings of the film "Lincoln" on November 15, 2012, the documentary "National Parks: America's Best Idea" on September 17, 2009, and the film "Thurgood" on February 16, 2011; all at the White House.

System of Arrangement

The materials in FOIA 22-16572-F.4 are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – White House Communications Agency.

White House Communications Agency records are processed at the folder/videotape level. While this method maintains folder/videotape integrity, it frequently results in the incidental processing of videotapes that are not wholly responsive to the subject area.
