Scope and Content Note

The materials in FOIA 22-17713-F are a selective, not necessarily all-inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 22-17713-F requested materials related to communications among members of the White House Transition Coordinating Council from December 1st, 2016 to January 20th, 2017. This council was formed to facilitate the presidential transition at the end of the Obama administration.

This FOIA primarily contains emails and various other correspondence between members of the White House Transition Council. This council includes Denis McDonough, Anita Breckenridge, Rudy Mehrbani, Neil Eggleston, Kristie Canegallo, Shaun Donovan, Susan Rice, Lisa Monaco, Jeffrey Zients, James Clapper, Denise Roth, and Tim Horne.

System of Arrangement

The materials in FOIA 22-17713-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files, Staff Member Office Files, and Obama Presidential Electronic Records.

WHORM Subject Files are processed at the document level. The WHORM Subject File was compiled by the White House Office of Records Management and consists of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories, including a detailed description of each category, is available on the National Archives Catalog.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity. Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by Obama administration staff. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House's electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.
