Scope and Content Note

The materials in FOIA 22-21446-F (segment 1) are a selective, not necessarily all-inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 22-21446-F requested all photos and videos of President Obama from Monday, October 26, 2009.

This FOIA primarily contains photographs of President Obama receiving the Presidential Daily Briefing and Daily Economic Briefing; signing S. 1717, all in the Oval Office; traveling to Florida; delivering remarks and greeting servicemembers at Naval Air Station Jacksonville; and meeting separately with Gold Star families and military personnel at the event in Jacksonville.

There is video footage of President Obama traveling to Florida and delivering remarks to servicemembers in Jacksonville.

System of Arrangement

The materials in FOIA 22-21446-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Obama Presidential Electronic Records and White House Communications Agency.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by Obama administration staff. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House's electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.

White House Communications Agency records are processed at the folder/videotape level. While this method maintains folder/videotape integrity, it frequently results in the incidental processing of videotapes that are not wholly responsive to the subject area.
