Scope and Content Note

The materials in NW 67151 are a selective, not necessarily all-inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA NW 67151 requested materials related to all requests for information, analyses, summaries, assessments, transcripts, or similar records submitted to any Intelligence Community member agency or any officer, employee, or representative

thereof by former National Security Advisor Susan Rice regarding any actual or suspected effort by the Russian government or any individual acting on behalf of the Russian government to influence or otherwise interfere with the 2016 presidential election, from January 1, 2016 to January 20, 2017.

This FOIA primarily contains memorandums sent to the National Security Council's Cyber Security Coordinator and Stephanie O'Sullivan, the Principal Deputy Director for National Intelligence, related to cybersecurity and Russia’s involvement in influencing the 2016 election. All of the material proposed for opening is unclassified.

Please note that a portion of classified records related to this request has not yet been processed. Additional records will be provided as they become available, and updates will be made to this Finding Aid.

System of Arrangement

The materials in FOIA NW 67151 are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity. Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
