This is good by me. If we can keep pushing for the Oval for NSC Time and Tapings, that'd be great.

Here's a stab at the sketch based on what we discussed in the morning meeting. MD - does FG want to pull down the PDB and start him at 11?

The Local Chicago interviews are 5 interviews of 4 mins each, so I think we can get away with holding 35 mins for the whole thing and unpack the timing beforehand a bit. Kaelan just called me and the current interview start time they are working with is 2:15pm, and we may be able to push that back another 5 mins to get more time - thoughts?

And once I get confirmation that the Weekly can be taped in the Oval, we'll get back the 5 mins for movement.
