Message: Did you see the video Michelle (First Lady of the United States of America) of the police shooting dead Alton Sterling? I can't stop crying, He wasn't related to me but as I imagine his disbelief of being manhandled, slaughtered like an animal, and than the horror of seeing how the father of your children was murdered...and your children seeing it too....its too much. I had to do something to stop the tears from involuntarily flowing from my eyes. Investigations aren't enough! Legislation is not enough. Black Americans in the Whie House is not enough. And sadly, prayers are not enough. Is there anything that you and the President can do to force change in the way American police, primarily white American police, treat Black Americans? Our people need relief, our families need your help...Please! I hope and pray that this request does not get lost. Lawsuit settlements can never erase the fact that had it not been for the unprovoked, unlawful acts of police, that Alton Sterling would be eating dinner with his children tonight, that Sandra Bland, Laquan Mcdonald, Freddie Gray and countless others would be alive today.

Well, I've stopped cying for now. Whatever you can do, will be appreciated and whatever I can do to help you, I will do. Good night! May The God of Gods bless you and Your family, and may the God of Gods bless the souls of the departed and the families of those who have died at the hands of the American police.
