"There is a lot of disinformation about health insurance reform out there, spanning from control of personal finances to end-of-life care. These rumors often travel just below the surface via chain e-mails or through casual conversation. Since we can't keep track of all of them here at the White House, we're asking for your help. If you get an e-mail or see something on the web about health insurance reform that seems fishy, send it to [flag@whitehouse.gov](mailto:flag@whitehouse.gov)."

**Per your request, I am herewith offering my help by reporting an e-mail I received that seems fishy about the health insurance reform AND much more. Keep up the good work you people at [flag@whitehouse.gov](mailto:flag@whitehouse.gov).**

**Obama Nazi Brownshirts, Thought Police, Intimidate conservatives, Hillary supporters, Voter fraud, Acorn, Larry Sinclair post, Judicial Watch Launches Investigation of Effort to Intimidate Conservatives darning Health Reform Townhalls**

The left wing socialists, communists, Nazi Brownshirts and Thought Police have taken over the Democrat Party. They have tried to silence and intimidate Hillary supporters during the primaries and the convention. They have attacked and tried to silence anyone questioning Obama. Now they are focusing on conservatives. Larry Sinclair has a new post about Washington, DC Judicial Watch and their investigation into a nationwide effort by a liberal activist group to intimidate supporters of Republican and conservative causes. Here is the Larry Sinclair article:

#### [“Judicial Watch Launches Investigation of Effort to Intimidate Conservatives](#)

Washington, DC Judicial Watch, the public interest group that investigates and prosecutes government corruption, announced today that it is launching an investigation into a nationwide effort by a liberal activist group to intimidate supporters of Republican and conservative causes. According the August 8 edition of [The New York Times](#), Accountable America, a liberal group, plans to send a letter “to confront donors to conservative groups, hoping to create a chilling effect that will dry up contributions... **The warning letter is intended as a first step, alerting donors who might be considering giving to right-wing groups to a variety of potential dangers, including legal trouble, public exposure and watchdog groups digging through their lives.** [Good work, get those evil guys.]

The group is also hoping to be able to respond if an outside conservative group broadcasts a television advertisement attacking

Senator Barack Obama, or another Democratic candidate, by running commercials exposing the donors behind the advertisements.” Attempts to intimidate individuals from participating in the presidential campaign can be a violation of federal law. A key federal civil rights law ([42 U.S.C. § 1985\(3\)](#)), popularly known as the Ku Klux Klan Act, may be applicable if “two or more persons conspire to prevent by force, intimidation, or threat, any citizen who is lawfully entitled to vote, from giving his support or advocacy in a legal manner, toward or in favor of the election of any lawfully qualified person as an elector for President or Vice President, or as a Member of Congress of the United States; or to injure any citizen in person or property on account of such support or advocacy.” “Threats and intimidation have no place in our democratic elections and are a violation of the law. This new front group, Accountable America, seems to have crossed a legal line,” stated Judicial Watch President Tom Fitton.

Excellent post CitizenWells. I am still amazed at the level of underhanded tactics employed by Obama supporters. Thank you for your work. Zach

We need to start writing our congress and senators. We don't have much time.

We hear so many allegations (of "party" intimidation) from NObama's who are interviewed on tv... and the reality of this is starting to sound petty and loses its ferocity.

The general public become numb to these stories and words (like weapons of mass destruction) – the words lose their intensity. I have not heard any outrage from those who have not experienced this first hand.

If we flood some desks and email boxes with complaints about these continuous, threatening, direct use of vulgarity and nazi-type intimidation, childish tactics, ... perhaps the enormity of the situation will be realized and exposed for what it is.

This blatant intimidation is a direct threat to our country's Freedom of Speech. Obama may not have ordered this directly, but he certainly has INCITED his followers to behave this way by "getting in their face".

The Obama Deception film now has 1000 copies of all 12 parts on U tube with over 1 million downloads in 2 days with a target of 2 billion in 2 weeks. The film shows full evidence of corruption from both parties and a full nazi agenda, with no health care for

eldrely and permanently sick or disabled people. Get your money out of the banks now, in a few weeks they will be closed.

If you really want to start a revolution and live in the states, it's simple, get a large screen TV a small generator and a long lead or quiet generator and a DVD player and take it to the tent cities around the US at night and show the people who are recently homeless The Obama Deception Film, revolutions are not talk or diplomatic measures, they are physical actions. Once they have seen it they will know the only course is to fight. The intro is simple, "this film is why you are here."

Revolutions from history all started because the people had nothing to lose, everyone is losing everything rapidly and we are on the knife edge now, we need the spark, get some friends and pick different tent cities across the US and hit them across a single weekend, hand deliver copies into rural areas in all countries direct to farm houses, communities spread news like wildfire, and those struggling the most will react the strongest, and their reactions will make others not struggling want to see the film.
