Subject: contact info

John – I just wanted to send a quick note to say how excited I am that you are coming here and that you will be devoting time and attention to climate and energy. If it's useful to you, I would be happy to do a call or get together for coffee over the next couple of weeks over to give you the lay of the land from my perspective. And of course, once you arrive I would welcome the opportunity to brief you and get you whatever information you need. Just let me know how I can be most helpful.

Best,

Dan Utech
