Subject: SWAT Summer Internship - Progress Update

P6/b(6)

Hello,

I was just reaching out to see if there was any update to the status of the Summer 2015 Engineer, Applications, Network, and Operations Internship application. On my "Application Status" page of the USAJobs website, my application is still marked as "Received". I just wanted to make sure that there hasn't been an update in the past five weeks that I'm missing. Thanks for your help!

Sincerely,
— James Harnett.
