Subject: Press Charter

Hi my friend,

Good afternoon. I am so sorry to bother you. I know Allison and Olivari touch base with you about the Press Charter. Any word if it will go to Hiroshima? We are working on manning requirements here and trying to determine if we will need to send an extra Preset Crew in case the Charter doesn't go there. Again, I'm so sorry to bother you. Have a great afternoon. :)

V/r
