RE: Douglas George Jensen
Cause No. CR 03-27-M-DWM

Dear Mr. President:

I assume there is little chance that you will personally see this letter. Even so, I want to express my gratitude and appreciation to you for commuting the sentence of Douglas Jensen. On August 16, 2016, I will have reached my 20th Anniversary as a federal district judge. The life sentence I imposed on Douglas Jensen has haunted me for more than half of that time. Your commutation of his sentence finally eases my conscience and the struggle within me that was caused by following the law even when it was unjust. Thank you.

With great respect,

Donald W. Molloy
U.S. District Judge
