Subject: Navy Yard Shooting - Update

Sir – I continue to be in regular contact with Ray Mabus and Jim Comey.

- Status -- FBI is now in the lead for the investigation and evidence response/recovery.
- Fatalities – Mayor Gray just did a press briefing where he referenced potentially **12 fatalities**; but current confirmation from FBI and Navy is **8 fatalities** and **16 wounded** (among those wounded are 2 Navy police officers and 1 MPD officer) – unfortunately this number may increase.
- Shooter(s) -- Authorities have now revised the identification of the deceased shooter – they now believe (based on fingerprint identification from the shooter's body) – that the deceased shooter is a 34 year old individual from Ft. Worth, TX named Aaron Alexis who is a Navy reservist and DOD contractor. (This differs from prior information which was based on an identification card located near the shooter's body).
 - o Checks of FBI records for the shooter's name (Aaron Alexis) are negative other than a minor criminal history (discharge of firearm).
 - o FBI is still trying to confirm whether there are additional shooters.
 - o Efforts continue to clear multiple buildings on the Navy Yard campus.
- Ray Mabus has set up a victim/family counseling center at Bolling AFB with the assistance of HHS counselors. He is on his way to the Washington Hospital Center to visit with the wounded. We are working up a call sheet for you to contact him.
