Subject: Boston explosion - update

Sir – FBI has responded to the scene, along with local law enforcement, and DHS is tracking closely. There is no known nexus to terrorism at this time. It is not known if this explosion was intentional or an accident. There are two victims – roommates at the apartment where the explosion occurred. Both are possible subjects and have past criminal history. They are being treated at local hospitals for injuries. Will continue to monitor and will follow-up as appropriate.
