Your Question:

P6/b(6)

why didn't the president bring out to the public on health care that all of congress has government run health care and they love it and that it works great. so we need to let the public have that choice as well. how to pay for it well thats simple the same way we pay for the health care we now get off our paychecks and it would be cheaper.

for social secuity thats easy as well. remove the cap. bill gates makes that in about 10 seconds and never pays into it for the rest of the year. almost all of the middle class never sees a pay check that has no ssi taken off. i never have for the 37 years i worked at my job. and STOP TAKING MONEY FROM THE FUNDS IT IS NOT YOURS TO PLAY WITH. STOP MAKING ALL THE CUTS FROM THE PEOPLE WHO CAN LEAST AFFORD IT.

IT IS ABOUT TIME YOU ALL USE COMMON SENSE IT IS NOW TIME TO GET GREED OUT OF YOUR HEADS. STOP ALL THE LYING TO THE PEOPLE TO MAKE YOUR GREEDY POINTS AND STOP SCARING THE HELL OUT OF PEOPLE WITH LIES.
MONEY IS THE ROOT OF ALL EVIL. AND GREED WILL DESTROY THIS COUNTRY. THIS IS WHAT SCARES THE HELL OUT OF ME
