Petition Title: Keep Obama's 2007 Promise to Label GMOs

Dear Mr. President,

In your 2007 campaign speech, you promised to protect our 'right to know' what's in our food by labeling genetically modified organisms (GMOs) in the food supply.

Eight years later, and you have done nothing to act on this promise.

What's more, a food bill passed by the House called the 'DARK Act' could soon make mandatory GMO labeling illegal in the United States.

If you are to sign this bill into law, you would be doing the exact opposite of what you promised us in 2007.

Please deliver on your 2007 promise. Veto the DARK Act that would make GMO labeling illegal, and institute mandatory GMO labeling in the United States.

We have the right to know what we're eating.

Sincerely,

Anthony Gucciardi & millions of concerned citizen
